

CHÂTEAU DES JACQUES

SYRAH 'LES JACQUES'

2018

Color / Grapes

| Red/Syrah

### Vintage

The rainiest winter in 60 years allowed the water tables to replenish which will become salutary later in the season.

A dry and sunny spring will give birth to the first flowers at the end of May. From the 13 of June drought and record temperatures will establish and last until the harvest time. These extreme conditions pushed us to harvest on the 30th of August. Maturity of the grapes was perfect. The high temperature implied to harvest at the earliest hours and allocate quickly our resources to pick at the right time for each parcel. The resulting wines are still fresh and balanced with deep colour and a generous complexity.
